<TEXT>I do not want to pay more for my telephone service! I urge  
you to reject a flat fee proposal that would change how  
contributions are made to the Universal Service Fund. I am  
concerned that this proposal could make my current service  
unaffordable.

Under the flat fee proposal you are considering, people who make  
few long distance calls would pay the same as people or  
businesses that make many calls. In other words, low-volume and  
primarily residential customers would bear the same universal  
service fund burden as a high-volume residential or business  
customers. This is unfair!

I use my wireless phone SPARINGLY for safety, security and  
convenience. I don't want to lose these benefits so that big  
businesses can pay less than their fair share. I urge you to  
reject the proposal to move the USF collection system to a  
flat-fee.

Keep the USF Fair!

Sincerely,

Barry Swartz  
Elm tree rd  
St.Paris, Ohio 43072
